7. To make a decision on defibrillator installation for Village

Cllr White raised a concern that the outlying areas of the village would not reap the benefits but still contribute towards the cost. There was a discussion as to whether the Parish Council should take on the responsibility and that the NHS should be the provider. Cllr Giles raised the point that the Parish Council have pursued the idea of having a defibrillator in the Village and that they have a duty of care to proceed. Cllr Elliott raised the point that Villagers had not shown a great deal of interest. There was also a discussion about the green beacon causing a disturbance to parishioners in properties near the telephone box. It was agreed that further investigation regarding other parishes should follow and a final decision made at the next meeting in January.
